Dear Mr. D'Amico:

Pursuant to the Access to Public Records Act, R.I.G.L. §38-2-1, *et seq.*, I request access to information and correspondence relative to all potential and pending tax stabilization agreements that the City of Providence has in its possession, including access to any correspondence sent to or received by any developer and/or business by the City that specifically discusses the construction costs of these potential and pending projects.

To the extent that the foregoing request contains information not deemed a "public record" pursuant to R.I.G.L. §38-2-2(4), that information may be redacted pursuant to §38-2-2(4)(ii). If the City determines that any of this information is exempt or not a public record, please specify which provision under § 38-2-2(4) the information falls under.

I further request the courtesy of a response within ten (10) days of this letter so that a determination can be made as to whether any other proceedings should be initiated to obtain a copy of the records.

If you have any questions regarding the foregoing, please feel free to contact the undersigned at the above address. Kindly direct any communications and/or your response to the foregoing request to the attention of the undersigned at the above address.

Very truly yours,

/s/Scott Duhamel
